

365 Flying Coach Support

The Flying Coach Programme is designed to bring a skilled and experienced coach to you and your club, to work alongside you and your athletes. This coach will help bring new ideas, knowledge and experience to your session and provide best practice examples and how to maximise the use of Athletics 365.

To get a Flying 365 Coach to your Club simply contact Ceri Richardson Athletics Network Coordinator on email: c.richardson@manchester.gov.uk or put in a request with your Club's Coach Coordinator
